END

Hello, it's Mori. I'm pressed for space so I think I'll make this end quickly. First off, the title is of course K for Kikkawa, but the fact remains that there's a lot of people whose names start with K in "HxB" Ooh well. It seems like a Kikkawa book, but it's not. It just happened to completely become about Kikkawa.

Since I established my vision of Himuro as member 00 as well as being the originator of the fan club in this story, if I think "then, the first member is Kikkawa", the second member should be that girl (#31 [this is, of course, referring to Chapter 31] Pg. 1 reference). You are the second in the world. I like that Kikkawa. Should Hotei be the first?

I enjoyed getting to draw KijiSaru, of course, and also people who I don't usually draw. The inside binding is Maid Michi's Revenge, but it's spoiled due to her "sumo" pose.
That was my aim.
